

Christian Service Program

Spring 2012 Schedule

Each small group will have the opportunity to participate in the Christian Service Program one Monday this spring semester before going to the normal Edge night. Each group will be visiting Silverado Senior Center. Parents will be in charge of making sure kids come on their scheduled day! I will help coordinate to make sure that there is at least one parent on-site every week who can stay with the kids, as the core members will not be required to go. The kids will go to Edge after their service time and core members will be waiting for them at St. Patrick. Do not worry about being a few minutes late, just come as soon as you are finished with your service time!
